

# Nordic Quality Manager

**About Us:** Konica Minolta is a global leader in providing innovative solutions in the field of imaging and information technology. We are dedicated to delivering high-quality products and services to our customers while continuously improving our processes.

## **Job Description:**

We are looking for a passionate and experienced Nordic Quality Manager to join our team. In this role, you will oversee and manage the quality assurance processes across our Nordic operations in Denmark, Finland, Norway, and Sweden. You will play a key role in ensuring our products and services meet the highest standards of quality and compliance. This position requires a strong understanding of management systems, project management skills, and the ability to work collaboratively with various departments. Knowledge of information security will be an advantage. You will be based at Konica Minolta's Nordic head office in Ballerup, Denmark, but will operate throughout the Nordic region, so some travel activity is to be expected. You will become part of a small team of two Nordic Quality Managers, reporting to the Nordic Head of Legal and Compliance.

## **Key Responsibilities:**

- Develop and implement quality management strategies and plans.
- Ensure compliance with industry standards and regulations, including ISO 9001, ISO 27001, and ISO 14001.
- Maintain and update the Integrated Management System.
- Conduct regular audits and inspections to identify areas for improvement.
- Collaborate with cross-functional teams to drive quality initiatives and projects.
- Provide training and support to staff on quality-related matters.
- Monitor and report on key quality metrics and performance indicators.
- Manage projects effectively.
- Support the organization in responding to supplier evaluations and tender requests

## **Qualifications:**

- Bachelor's degree in a related field (e.g., Project Management, Quality Management, Engineering, Business Administration).
- Proven experience in a quality management role, preferably in a multinational company.
- Solid knowledge of management systems and standards (e.g., ISO 9001, ISO 14001, and ISO 27001).
- Excellent project management and communication skills.
- Good skills in building policies and describing processes
- Ability to analyze data and make informed decisions.
- Ability to work independently and proactively drive solutions.
- Preferably you have experience within 1 or more of the following areas: GDPR, Information Security or ESG.
- Proficiency in English; knowledge of Nordic languages is a plus.

## **What We Offer:**

You will be part of a well-functioning and passionate Nordic team. There will be very good opportunities for professional and personal development in an exciting position. Your colleagues are skilled and helpful, and they are very pleased and happy to be working at Konica Minolta. You will be offered an attractive pension scheme, attractive fixed salary, good work/life balance, health care insurance and much more.
